

a back in mad and when we will have almank.

[RESERVED] [For TEresa] Bo, To the most wonderful boy in the wide world. This past year has been the fest year I have ever had I guess it was just being with you. I hope we have alot more flien together. I hope you'll never forget me. I know I won't forget you. How Guld anybody do thatespecially me. Between me and baseball I hope you can put up with me This summer. I want to wish you all the luck in the world. I wantyou to know nobody could think more of you than me. I mean eve you than me. Louga, Always, Duesa Good luck in Everything (baseball)

The TIGER HOOL 1966

TERRELL HIGH SCHOOL

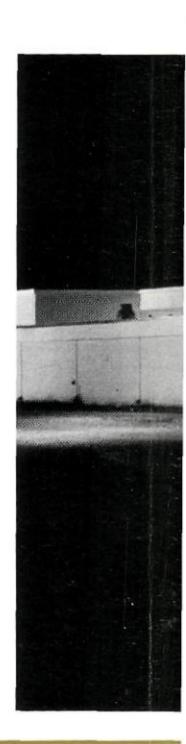

Terrell, Texas

TOMORROW'S EDUCATION FOR TOMORROW'S WORLD

Governor John Connally's address highlighted the dedication ceremony on September 3, 1965 at the new Terrell Junior-Senior High School. He commended two major educational firms and the Terrell School Board in his address on education for initiating an experimental program which he said would provide "tomorrow's education for tomorrow's world." "Here in Terrell, Texas," the governor said, "begins an experiment that opens a window to the future through the combined efforts of Encyclopaedia Britannica Films and Bell & Howell Co." The two companies originated the concept of Project Discovery and are providing \$600,000 worth of the latest audio-visual equipment for the Terrell district.

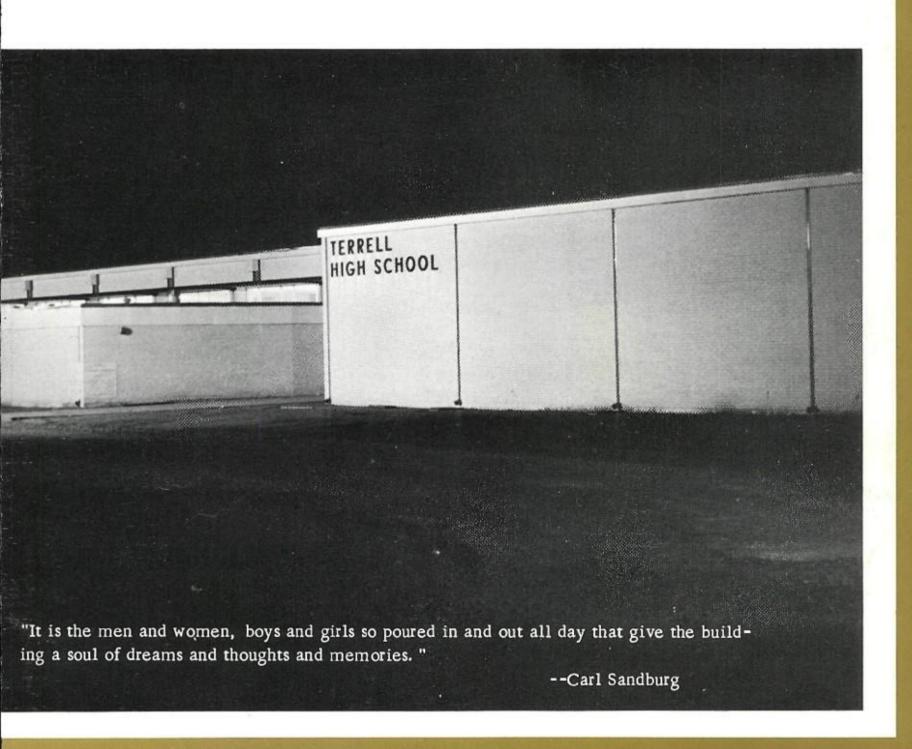

TERRELL JUNIOR-

Masons Level Cornerstone

Approximately 1500 persons converged on the Terrell Junior-Senior High building site after 70% completion, March 15, 1965, for the leveling of the cornerstone. J. Carroll Hinsley explained that the ceremony was handed down from the masons of England who always leveled the cornerstone as the first step in construction. The leveling of the stone determines the direction and trueness of the structure. The students at Terrell High took advantage of the occasion to stage a money-raising project to provide carpeting for the auditorium and administrative areas in the new structure.

Rustay, Martin & Vale of Houston, Texas, is the architectural firm which designed the 1 1/4 million dollar building containing 128,000 square feet. The school, designed for 1200 students with an anticipated increase to 1800 students, is completely climate controlled on a year-round basis. The academic and vocational areas, as well as the gymnasium, auditorium, cafeteria, and administrative areas are all located in one building.

WHAT IS HIGH SCHOOL?

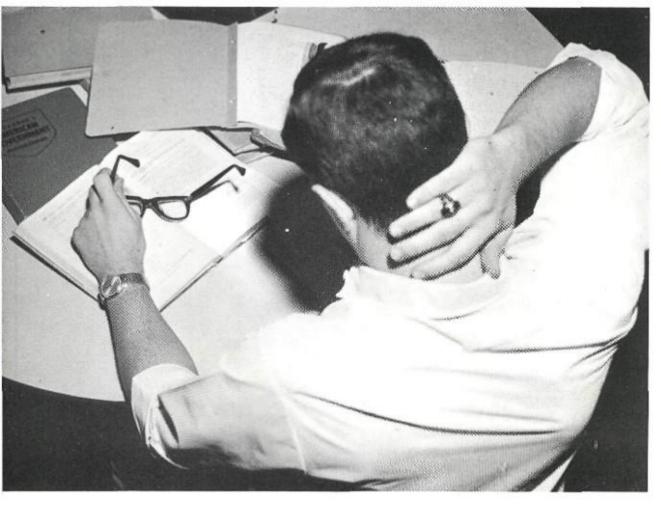

FOREWORD

A strong structure, built of steel and cement, and waiting to fill its empty and impressionable halls with people and memories was our new school. "Was" because we have finished the construction with events, hopes, and remembrances. "It is the men and women, boys and girls so poured in and out all day that give the building a soul of dreams and thoughts and memories." Each person has contributed to the molding of this school's personality and made these halls something more than beautiful and our school spirit a thing to be proud of. Before the class of 1966 leaves the student body--taking our dreams, thoughts, and memories formed in these halls with us--we present the 1966 TIGER, an abstract collection of the people and events that filled our senior year.

HIGH SCHOOL IS

IMPOSSIBLE SCHEMES. . .

DEDICATION

As the first year in the new Terrell High School comes to a close, we begin to realize its significance. If we are seniors, we begin to see the influence our high school career holds for us. If we are freshmen, we look ahead to years of more fun, harder work, and the gradual growth of a feeling that makes Terrell High School--it's students, ideals, goals, and all it stands for--dearer to us. This feeling--shared by freshmen, sophomores, juniors, and seniors alike--we call DEDICATION.

Dedication is not just going to the ball games and rooting for our team; it's not just keeping the underclassmen off the Tiger Head; nor is it yelling the loudest at the pep rallies—these are mere outward signs and are, at best, unreliable to appraise the dedication of the individual. Dedication is something which can be measured only by the person himself. It's the feeling he has about his school; it's the duty and the service he feels he must undertake in seeing that the high standard of T. H. S. is not smeared from outside or degraded from within. It is pride, tradition, respect, and the idea that Terrell High School and all it symbolizes is and always will be his.

It is with this feeling in mind that the staff devotes the annual to the dedication you have shown and made such an integral part of the spirit of Terrell High School.

What Is Project Discovery?

Mr. Tom Owens

The answer will not be known this year.

Research teams from East Texas State University and Ohio State University are studying activities within and outside the classrooms of the entire Terrell School System: Where every room is provided with light and temperature control for ideal study. Where every teacher has automatic motion picture and filmstrip projection equipment. Where every building has a complete library of films and filmstrips to vitalize each unit in the curriculum. Where films are used, not as supplementary, but as basic materials of instruction. Where every child has a front seat to learning.

The general purpose of the Ohio State Innovation Study is to see how a new idea develops and is carried out. Mr. Owens, who received his B. A. in Economics from Fordham University in New York City and his M. A. in Education from Ohio State University, interviews teachers to obtain their views on this new discovery and keeps records of the films. He then relates this information to Ohio State University.

Board of Education

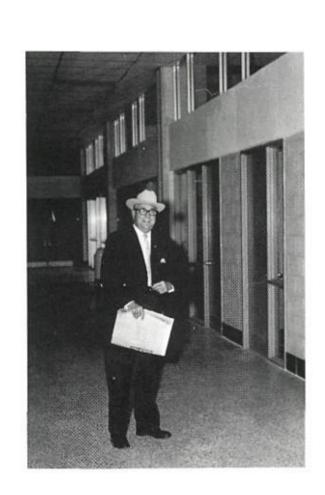

MR. GRADY HESTER SUPERINTENDENT

We hope you, the first graduating class of our new High School, will leave these halls with the same tenacity of purpose and the will to overcome all obstacles in life, that you have shown in overcoming the problems we have encountered in getting adjusted to moving into this new building. Giving up old customs and traditions isn't an easy task, but you will find the outside world is also a constantly changing and challenging way of life.

You have been schooled well. I wish you all success in your future life.

You underclassmen, may you live and enjoy this new school and take full advantage of the purposes for which it was provided. Build strong, worthwhile traditions for future classes to live by.

ADMINISTRATION

MR. HARVEY CRITTENDEN ASSISTANT PRINCIPAL

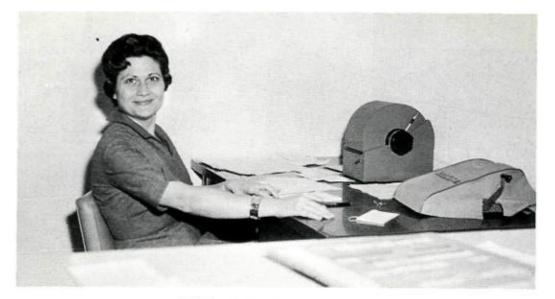

MR. DAN O. DOUGLASS PRINCIPAL

Knowledge is the lamp that has guided man through the ages. Strive onward and upward, and provide for yourself and those who follow you, the achievements which accrue as a result of this light.

THE ETERNAL VOYAGE

Is this the end? I know it cannot be.

Our ships shall sail upon another sea;

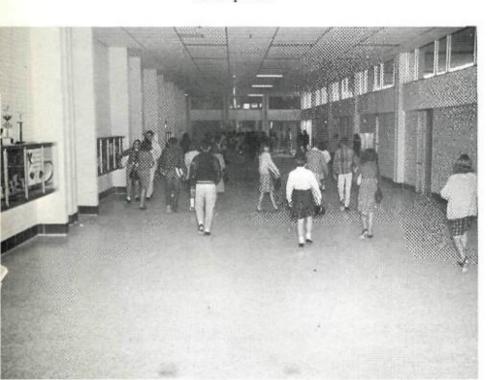

New islands yet shall break upon our sight,

New continents of love and truth and might.

Annual Staff Creates Quality Yearbook

To record factually the events and achievements of the 1965-66 school year, to preserve memories, to reflect the many faces of Terrell High, the annual staff works long hours and makes tireless efforts. Their greatest reward being the pride of creating a yearbook of lasting quality.

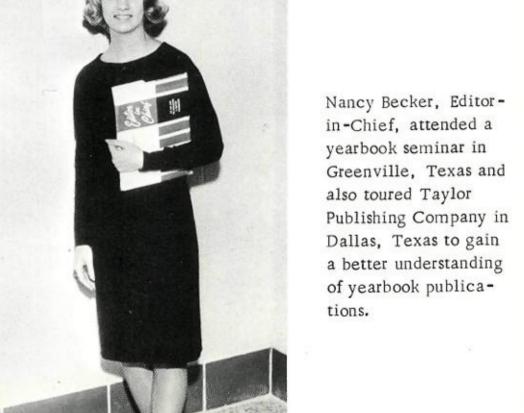

Miss Mary Cave, yearbook advisor, gives helpful suggestions to Rita Rutherford and Carole Brown, Copy Editors, as Advertising Managers Billy Howie and Jeanne Rosenbaum look on.

Susan Stone, Treasurer, receives original ideas from Art Editors, Tracy Knauss and Linda Murdock.

The Tiger staff gratefully acknowledges the many friends who aided us in the preparation of the '66 TIGER. We wish to thank....

the advertisers for their fine support, Bernard's Studio for excellent photography, Tracy Knauss for outstanding artwork, Linda Murdock for artistic hand lettering and Lynn Burson for the original writing style on pages 4 and 6.

We would also like to express our appreciation to the non-staff members who gave of their time and energy, to all of you for the original ideas and suggestions which we have received, and to the faculty and student body for their co-operation and understanding.

Cheerleaders — The Essence Of School Spirit

In their world of split jumps, cartwheels, and back jumps, the cheerleaders' purpose is to create school spirit, loyalty, interest, and sportsmanship in school sponsored activities. Beth, Becca, Carol, Leanne, Dotty K. and Rusty have demonstrated with their enthusiasm, their yells, and their leadership that our great spirit did not die with the old T.H.S. but has flourished and intensified with our new T.H.S.

Arabian Nights

Out of the pages of history came the theme for the 1965 Junior-Senior Prom:

"ARABIAN NIGHTS"

Juniors traditionally give this formal dance honoring graduating seniors. To create this exotic spot of mystery and fun, juniors worked day and night. Several sophomore girls served during the banquet.

Entertainment by the "Pitmen" added that extra-special touch to the evening of enchantment.

Harem girls served during the banquet.

T.H.S. couples enjoy gaiety of the banquet. THEN - a flash of green light. Transformed from a dusty old lamp stood a genuine regulation-size genie who told the futures of the '65 Seniors.

To The Beat Of The Pitmen We Danced . . .

AND DANCED...

"Shy Guy," a comedy in three acts, was presented on March 18-19, 1965. The play revolves around a football player who models secretly for Glamour Girl Cosmetics. Many humorous complications arise as Fred tries to conceal his past experiences as a model. The play was directed by Cheryl Rahmlow.

Director: Mr. Wylie Hardin

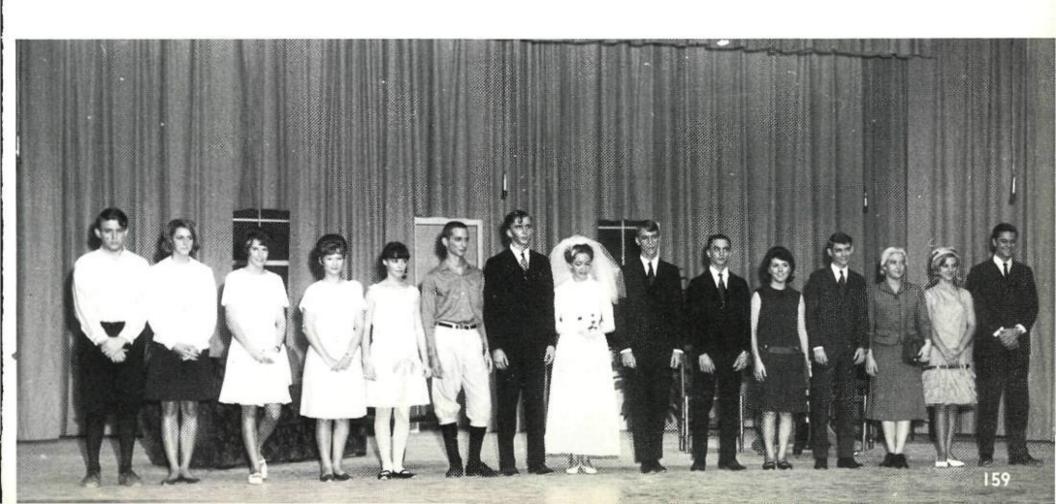

"Papa was a Preacher", a play in three acts given on December 9-10, 1965, was about a minister, his family, and the community in which they lived.

Fifteen Seniors delighted their audience with an evening full of hillbilly humor. The play revolves around Homer Hollowbone and his dirty, shiftless family who live in the mountains of Virginia. The play was directed by Mrs. Cheryl Rammlow.

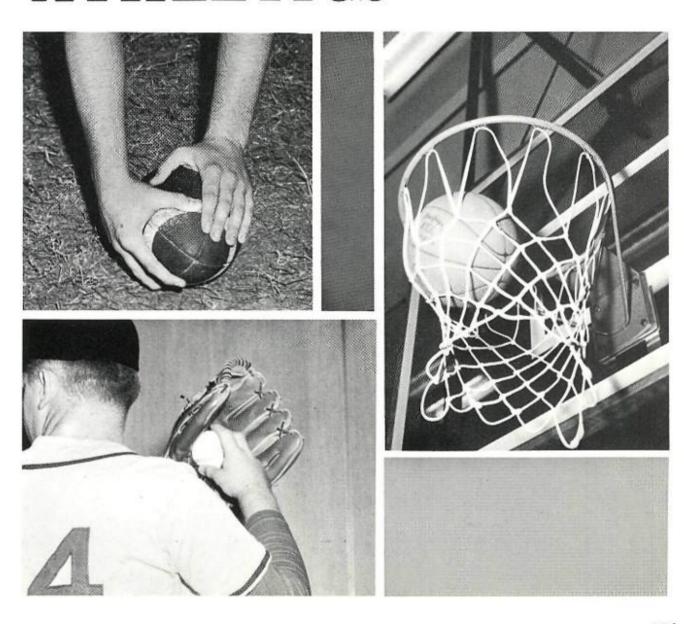

ATHLETICS

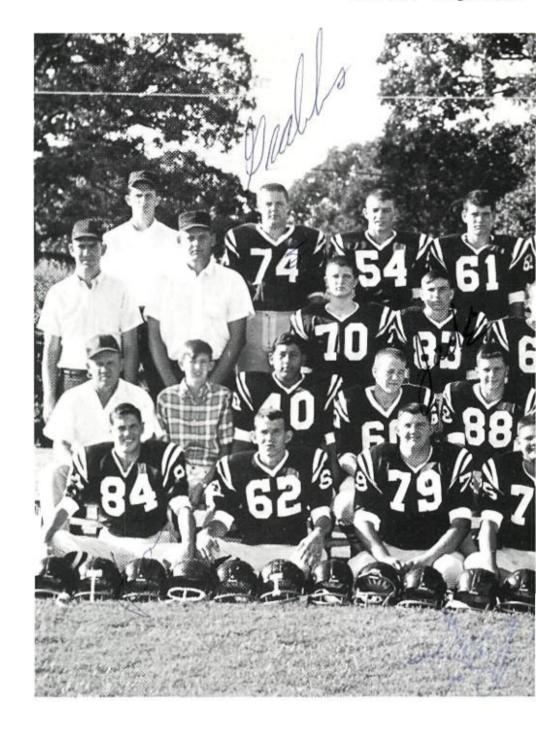

To an outsider, sports mean games, excitement and cheering. But in the students' life, sports mean long hours of tiresome practice, high hopes and sometimes the lonely feeling of defeat as well as victory.

Athletics takes on a broader aspect than merely winning games or cheering the team. It has a deeper and
more significant importance to the spirit and life of a
school. Qualities of sportsmanship, determination,
loyalty, and initiative evolve from athletics that are
building factors of strong character and sound conviction.
Individuals with these qualities become stars not only
among their friends, but also stars in society, in America, and in the world.

Included in the many branches of the athletic department are football, basketball, baseball, track, golf, and tennis. Terrell High is proud of its fine sports department, proud of its victories and proud of the star athletes if produces.

The fighting Tigers started off the season with a heartbreaking loss to a speedy Greenville team. Games were lost, tied and won, but the season was ended in great team effort as they beat Lancaster. The game was dedicated to the Tigers' great coach, Leon Vineyard.

Tigers get set to run a play against Ennis.

A Senior Reminisces

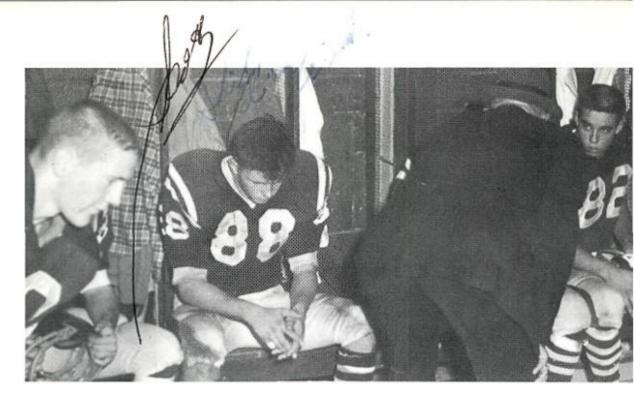

Terrell has always been a football town. Graduating Tigers cannot look back and say "we won State" but we can proudly say "we did our best".

Over the years many of the little things that made up football will be remembered....Shaw's fondness for light poles....Coach Vineyard's familiar, "Aw, you're just peanut-butterin'".... And his unforgettable "Just one more time boys, then we will go in--it's milkin' time".... the Big City lights.... the color Red....along with the vows to stop breaking training... Remember: "I got troubles, I got worries" during summer practice....Playing in the mud on rainy days...... "Chrusher" Buford falling on Andy's arm in the LH game....and "If I'd a gun there would have been a funeral".... Ted "66" Lyons.... and the time we ran wind sprints till it was so late all you could see was one of the coaches cigarette lighters flickering in the dark.... Coach John Boston leaving.... and our constant prayer to the Interscholastic League to outlaw "bearcrawlin'".

Of course there have been a few hard feelings, but none of the Tigers will ever forget the Lancaster game--our last for T.H.S. If there had been nothing else, winning that game would have made worth-while all the blood, sweat, tears, and pain of the past.

MACKY SQUIRES
Right Half

Players rest as Coach Vineyard prepares them for the Second half.

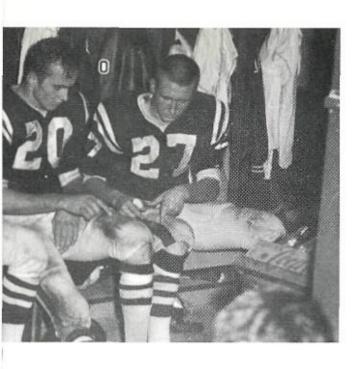

Grubbs and Squires close in on Palestine pass receiver.

Scattered Lancaster Tigers lay in defeat as Terrell scores the winning touchdown.

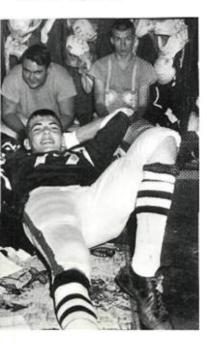

Tigers take the field for Home-coming game after breaking through Tiger drawn by Tracy Knauss.

Led A Winning
Effort.

warm-up????

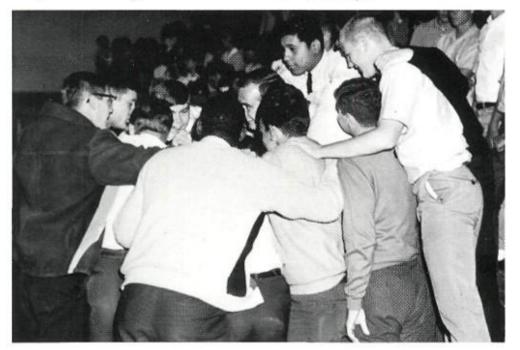

Tiger reserves wait while offense cracks enemy defense.

Come On Tigers, Let's Go!

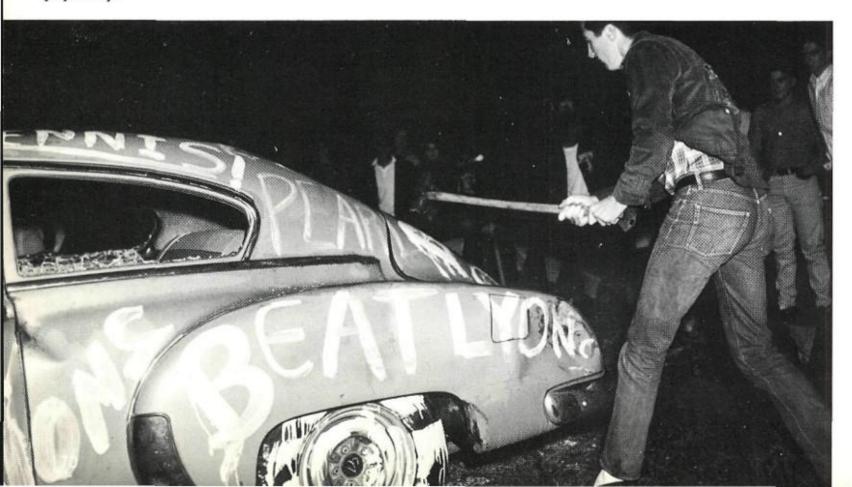

Head Coach Vinyard's warm up talk during the Homecoming Pep Rally.

Another first for Terrell High--our first Homecoming in the new school. Returning exes were pleasantly surprised to find that we had not lost one bit of the famous spirit that has made Terrell High the GREATEST!

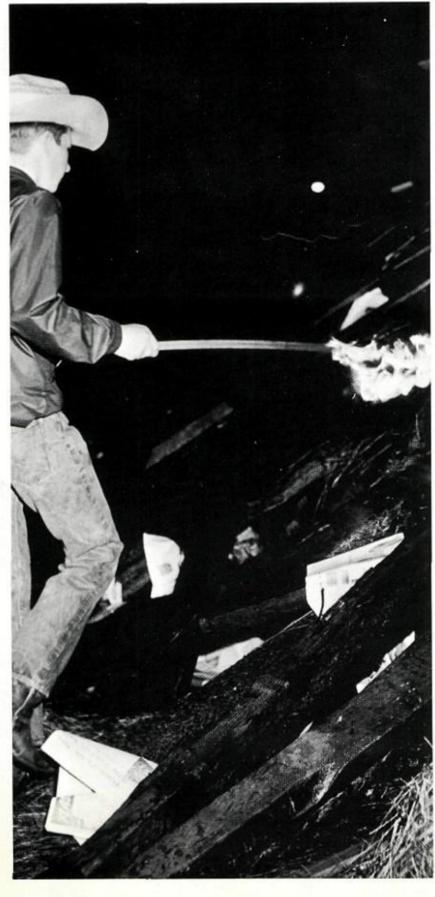

Lockhead steps up to bash the "Beat Lions Car" in the S.S.S. sponsored car smash at the pep rally.

Week long rains and the ever-present mud failed to dampen the spirit of the Tigers as the '65 bonfire was proclaimed biggest and best. To ward off the promise of a repeated fiasco like last year, the Senior Service Society guarded the bonfire during the nights before.

As the bonfire was lighted, a cheer rose up to assure our boys Terrell High is always behind them - win or lose.

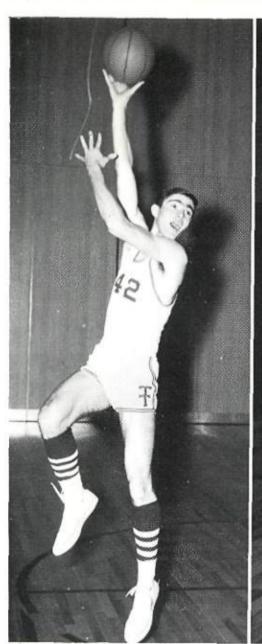

All Hail The Mighty TIGERS!

Rusty sets Tiger spirit a flame at the Bonfire.

A First For Terrell

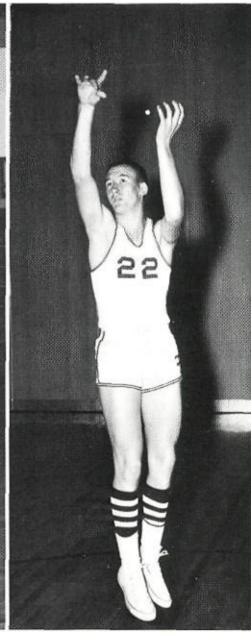

Terrell staged its first Invitational Basketball Tournament December 27, 28, 29, 30. Terrell beat Mineola 39-37 in the first game of the Tourney with Jerry Wiley being the high scorer with 14 points. In the second game Paul Polk led the scorers with 16 points as the Tigers beat Eustace 58-51. In the final game Athens beat Terrell 63-56. Paul Polk and Jerry Wiley were picked as the 'All-Tournament' choices from Terrell.

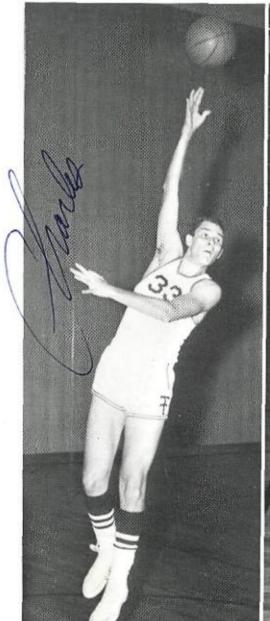

Varsity proudly displays second place tournament trophy.

Go, Fight Let's Win!

Cheerleaders look on as Coach Larry Drennan gives the boys a pep talk at the first basketball pep rally in the history of T.H.S. Coach Drennan expressed the team's appreciation to the student body for all the support which had been given them. New spirit was seen in this sport for the first time in many years. The Terrell High Band played during two district games. The team enjoyed a successful season and finished third in the district race. Terrell placed two players on the 8-AAA All District team, picked by the coaches. Paul Polk made the first team and Bill Sweazea was a second team choice.

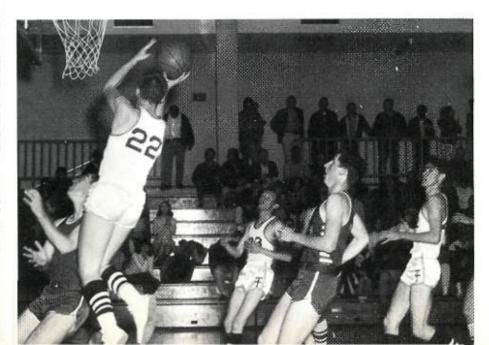

Lockhead clears the boards for Terrell.

Polk shows his ability to hit the bucket on a fast break.

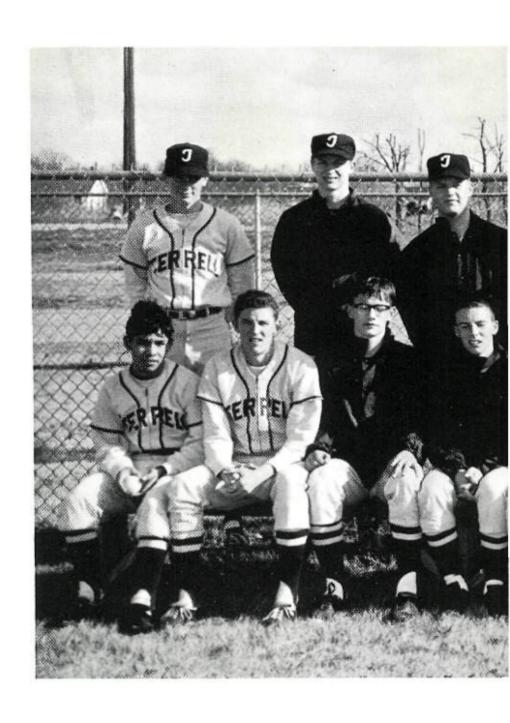

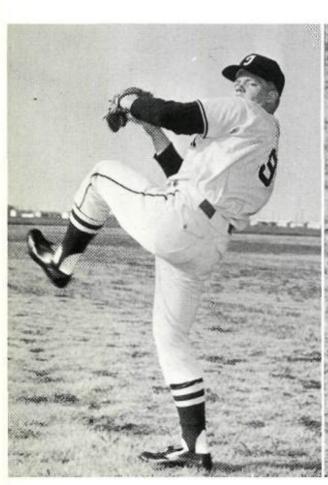

Wiley hits from the charity stripe.

New Generation...

TRINIDAD UNIT NO. 6

Each new generation requires more and more electricity. To meet these increasing needs, Texas Power & Light Company is constantly planning and making improvements and additions to its facilities for producing and supplying electric power.

For example, TP&L recently completed a new 240,000-kilowatt generating unit at its Trinidad Steam Electric Station in Henderson County. A new unit at the Stryker Creek Steam Electric Station, in East Texas, will add 500,000 kilowatts in 1966 to meet customer needs. An additional new unit is also under construction at the Valley Steam Electric Station in North Texas.

TP&L invested about \$55 million in new and improved facilities in 1964. Approximately \$100 million more will be spent for construction of new generating units and other facilities during the 1965-66 period.

You can be sure that TP&L and the other investorowned electric companies will continue . . . through use of private capital . . . to provide ample, low-cost, dependable electric service in the years ahead.

Potpourri

As the school year draws to a close, the seniors begin looking ahead to future years, but memories of the past are not pushed aside, when phrases such as "Remember how we used to . ." occur in conversations, the 1965-66 school year at Terrell High School will be relived many times.

Glancing back over the year we realize that it would be impossible to recall all the memories which made this year a great one, but here are a few. Could you have imagined this year without----senior rings . . . films . . . bus trips . . . games, victories, and defeats that dynamic duo-Batman and Robin, the boy wonder . . mud . . . 3:30 trips to Stouts . . . Mrs. Murray's warm smile that brightened the office . . . sack lunches workmen and the finishing touches? . . . Coach Drennan and his red sweater . . . confusion in the chemistry lab . . . the Tiger on the gym dressing room door and why?? . . . Grendel . . . and Mrs. R.'a never failing to say, "You kids get off the gym floor." These are some of the outstanding events one remembers as he recalls his grand senior year.

GRADUATION OBSERVATION

dreaming hands--Can they be the same scheming hands That once invaded cookie jars Or snitched the keys to family cars? That once belabored anagrams To keep from cramming for exams? These noble hands, these fearless hands--Who'd ever dream these peerless hands, Now proudly clutching parchment rolls. Once burrowed deep, like blanket moles, Pretending sudden predawn pains To keep from harvesting these gains?

These eagerhands, these

--EDITH POWELL WORTMAN

As you turn to this final page of your '66 TIGER you find, exhausted after many hours of hard work--the editor. For her there will be no more nightmares of blank pages and lost copy sheets, those nights of working till dawn to meet the deadlines are over.

The staff and I have tried to produce an accurate account of the 1965-66 school year. Much knowledge and enjoyment was gained from this production. Although we became discouraged at times, your friendly smiles and kind words saw us through. This yearbook could not have been possible without you--the student body, for you have been the subject. The book was built around you and for you.

My task is completed now, leaving only the finishing touches to be added by numerous signatures and comments from your friends and associates. If you are pleased by this record of events and achievements then our endeavors shall be rewarded.

So. Tulographs Ran oh ch mean Bo, this year it had a lad of here & had meet and product.
